About OK

OK Crisps is a leading potato crisps manufacturer in Bahrain, with a history of excellence and innovation since 1963. For over six decades, we have been delivering the same exceptional quality products to our customers, using fresh potatoes, vegetable oil, and natural flavourings.

We are the first and only fully integrated potato crisps manufacturing plant in Bahrain, following a rigorous process of washing, peeling, slicing, removing starch, dehydrating, frying, degreasing, seasoning, and packaging.

We offer a variety of flavours to suit every taste, including our classic Salt and Chicken, as well as our recently launched Chilli, which adds a spicy kick to our crispy and delicious potato crisps. OK Crisps is more than just a snack, it is a tradition of quality and taste that we are proud to share with you.

We constantly research and develop new flavours, using natural spices and herbs to create unique and tasty combinations.
