- Powered by chargeable lithium battery.
- Can be charged by motorcycle charging system.
- Can be operated/charged by the main supply.
- Inbuilt stainless steel drawer with basket.
- Company Logo can be customized

Specifications

Model Number	S-105L	S-35L
Capacity	105L	35L
Power	55W	46W
Battery Capacity	12V-30Ah lithium	
Voltage	12V DC or 240V AC	
Temperature	Up to -12 C	
Cooling Effect	0°C within 30 min. at 35°C ambient	
Coolant Type	R134a	
Noise level	<45dB	
Shell Structure	Powder Coated Steel Shell	
Body Size	W520×D600×H520	W440×D550×H265
Dry Weight	26 Kg	18 Kg

Mobix Autocare Washing Carts are fully independent

They have internal deposits for clean and dirty water, with enough capacity to work one whole day without refilling, and a rechargeable battery to power the electronic pump and the vacuum cleaner.

The benefits of MAC Cart

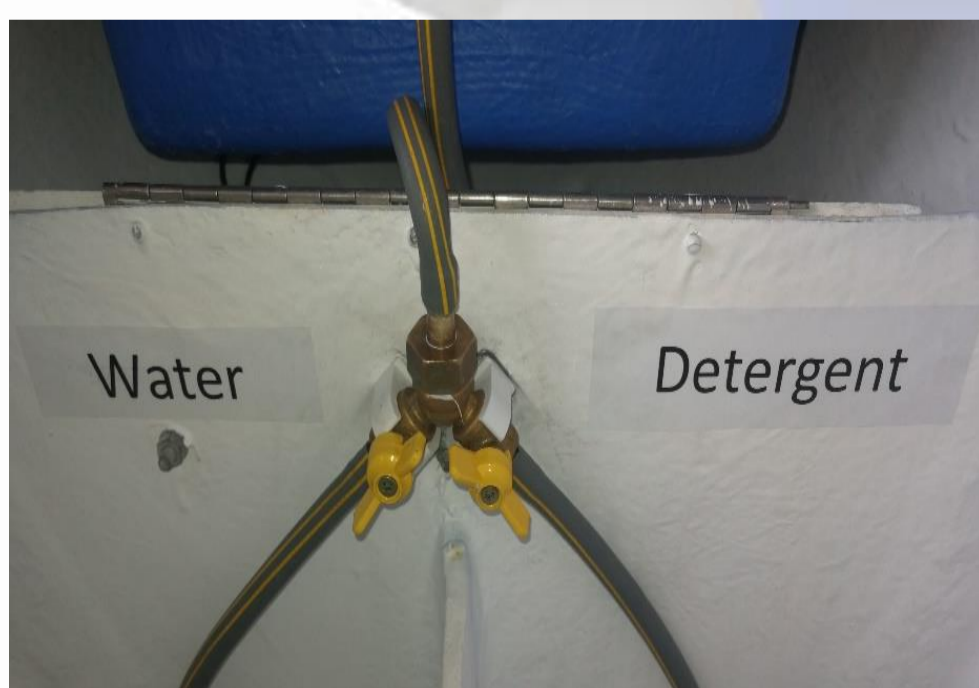

- ✓ It is not necessary to have them connected to water supply or electricity outlets.
- ✓ No particular infrastructure is required to run the business.
- ✓ Promotes the environmental consciousness by using biodegradable products, avoiding contamination.
- ✓ 100% Eco-Friendly.
- ✓ No effluents impact.
- ✓ Rational use of water and energy supply
