## WHO ARE WE?

It all began with a love story.

20 years and 2 kids later, the dream of a teenage girl is now a reality in a woman's fancy leather bag from her country, Bahrain.

Oumani dropped its first collection of exceptional handbags in 2020. The Doctor's Satchel handbags came in 4 different colors and different ways to wear!

Focusing on material quality, good design, craftsmanship and sustainability, Oumani reflects the epitome of quality over quantity.
